

| # | Organization | POC Name/Email | SVAP Section Referenced | SVAP Line # Referenced | Critical / Substantive / Administrative | Comments | Concur / Noted / Non-Concur |
|---|----------------|------------------------------------|-------------------------|------------------------|---|--|-----------------------------|
| 1 | VA/ CIDMO VHIE | Virginia Yost/Virginia.Yost@va.gov | 170.202(a)(2) | All | Substantive | This is the most recent version and is being used by DirectTrust when accrediting organizations. HISPs must prove compliance with this version of the Applicability Statement for Secure Health Transport. Concur with advancing. | |
| 2 | VHA/CIDMO VHIE | Virginia Yost/Virginia.Yost@va.gov | 170.202(b) | | Substantive | This is the most recent version and is being used by DirectTrust when accrediting organizations. HISPs must prove compliance with this version of the XDR and XDM for Direct Messaging Specification. Concur with advancing. | |
| 3 | VHA/CIDMO VHIE | Virginia Yost/Virginia.Yost@va.gov | 170.202(e)(1) | | Substantive | This is the most recent version and is being used by DirectTrust when accrediting organizations. HISPs must prove compliance with this version of the Implementation Guide for Delivery Notification in Direct. Concur with advancing. | |
| 4 | VHA/CIDMO VHIE | Virginia Yost/Virginia.Yost@va.gov | 170.202(d) | | Substantive | This is the most recent version that is being used by DirectTrust when accrediting organizations. HISPs must prove compliance with this version of the ONC Implementation Guide for Direct Edge Protocols. Concur with advancing. | |
| 5 | VHA/CIDMO IHI | Mark Bellezza/mark.bellezza@va.gov | Entire | | Administrative | General Comment on design of the SVAP. This document is indicated to be voluntary for Health IT developers yet it appears by design, in my opinion, to be very much regulatory in nature, consistently pointing to reference standards in a somewhat legalistic format | |
